

STATSKETBALL TOURNAMENT

2018 

**6 Rounds.
68 Teams.
Thousands of possibilities
One Winner.**

The American Statistical Association and *This is Statistics* are challenging high school and college undergraduate students to predict the outcome of the 2018 NCAA Basketball Tournament using the power of statistics.

This year's tournament features two challenges that allow you to apply your knowledge of statistics to basketball!

**Submissions are due by
March 14, 2018 12 PM ET**

"Pick Em" Upset Challenge

Submit a list of 32 winners to the first-round games

Provide a 300 word description of your statistical techniques and methods

"Build Your Own Bracket" Draft Challenge

Assemble your cohort of teams from seeded participants using 224 draft points

Provide a 300-word description of your statistical techniques and methods

Tournament Prizes

\$50 Dollar Amazon Gift Card

Complimentary student membership to American Statistical Association for each team member

A Statsketball Tournament 2018 winner t-shirt for each team member
